PROJECTS

E-Commerce Project

Overview

Designed and built a robust e-commerce platform to enhance online sales and customer experience.

Details

- Collaborated with team members to define project scope, objectives, and functional requirements.
- Integrated payment gateways and security protocols to safeguard customer transactions.
- Assisted in the setup of inventory management and order processing systems.

Drone Project

Overview

Designed and developed a camera drone system to capture aerial footage of events at Carthage Central High School.

Details

- Developed software for remote control, live streaming, and automated flight patterns.
- Optimized camera technology to capture high-quality aerial footage of school events.
- Maintained and updated software for ongoing improvements.
